# ANNUAL CQUIPS SYMPOSIUM 2024

## AM SCHEDULE

8:00 - 9:00

**BREAKFAST/NETWORKING**  
Main gallery

9:00 - 9:30

**OPENING REMARKS AND WELCOME**  
Auditorium

9:30 - 10:30

**MORNING PLENARY**  
Diffusing Power and Building Trust: Elevating Equity in Improvement Science

10:30 - 11:00

**NETWORK BREAK AND POSTER VIEWING**  
Main gallery, 2nd floor and 3rd floor

11:00-12:15

**MORNING CONCURRENT SESSIONS**

## PM SCHEDULE

12:15-1:30

**NETWORKING LUNCH AND POSTER VIEWING**  
Main gallery, 2nd floor and 3rd floor

1:30-2:45

**AFTERNOON CONCURRENT SESSIONS**

2:45 - 3:15

**NETWORKING BREAK AND POSTER VIEWING**  
Main gallery, 2nd floor and 3rd floor

3:15 - 4:15

**AFTERNOON PLENARY**  
Applied Artificial Intelligence in Healthcare: Implications for Clinical Practice and Quality Improvement

4:15-4:30

**CLOSING REMARKS AND AWARDS**  
Auditorium

# ANNUAL CQUIPS SYMPOSIUM 2024

## Session Locations

Session	Location
<b>Morning Plenary:</b> Diffusing Power and Building Trust: Elevating Equity in Improvement Science	AUDITORIUM
<b>101</b> Creating Systems of Safety Through Learning: Broadening our Understanding of Harm	2 A/B
<b>102</b> Abstract Presentations: Showcasing Innovative Healthcare Improvement	3 A/B
<b>103</b> “Baking in” Equity: A Framework to Address Healthcare Inequities Through Quality Improvement	ROOM 1
<b>104</b> Thriving in an Uncertain Future: Adopting an Innovation Mindset in Healthcare Improvement	MAIN GALLERY

<b>201</b> Hot Topics in Quality and Safety	AUDITORIUM
<b>202</b> Working Across Quality Improvement and Research Methodologies	2 A/B
<b>203</b> Leveraging Quality Improvement to Take Climate Action	ROOM 1
<b>204</b> Building Human Connection and Finding Joy in Work	3 A/B
<b>Afternoon Plenary:</b> Applied Artificial Intelligence in Healthcare: Implications for Clinical Practice and Quality Improvement	AUDITORIUM

# ANNUAL CQUIPS SYMPOSIUM 2024

## Poster Presentations Schedule and Locations

### Screen 1 (3rd floor)

1. Safety Games in Action: A Proof of Concept in Pharmacy Education
2. Fostering a culture of trust and continuous improvement: Implementation of a leadership rounding program to advance quality and safety.
3. Focusing on Solutions Instead of Problems: A Qualitative Descriptive Study Piloting Appreciative Inquiry as a Physician-Driven Quality Improvement Approach in Internal Medicine
4. Supporting system safety through risk management education and capacity building – a quality improvement initiative
5. Improving infection prevention practices through a novel safety coaches program
6. Empowering Local Quality Improvement: A Homegrown Cohort-Based Training Program
7. Building physician quality & safety competencies at a multi-site academic hospital
8. Co-creating and co-delivering a Quality Improvement Course for Primary Health Care Professionals in Ghana
9. Perspectives of Participants and Leaders of a Quality Improvement Training Program for Rehabilitation Clinicians
10. Best Practices Champions to Reduce Intensive Care Unit (ICU) Acquired Pressure Injuries

### Screen 2 (3rd floor)

11. Screening for Pregnancy Before Surgery: Implementing Timely, Standardized, and Objective Preoperative Pregnancy b-hCG Testing A Quality Improvement and Patient Safety Initiative
12. Reducing wait times for induction of labour
13. It's Time for Kangaroo Care: A Quality Improvement Project to Improve Time Spent Skin-To-Skin in the Sunnybrook Health Sciences Centre Neonatal Intensive Care Unit
14. Pain Management during Intrauterine Device (IUD) insertions: Improving the quality of our counseling
15. Developing a Dashboard for Monitoring System Equity in Maternal Care
16. Optimization of the Outpatient Induction of Labour Process: A Quality Improvement Initiative
17. Standardizing Multidisciplinary Rounds in General Internal Medicine (GIM): A Discharge-Focused Approach at St. Joseph's Healthcare Hamilton
18. Don't Drop the Baton: A multidisciplinary & interprofessional approach to improving Transfer of Accountability/Information Transfer (TOAI)
19. Investigating the transfer safety checklist process when transferring patients to and from diagnostic imaging
20. Improving screening rates for micronutrient deficiency in bariatric surgery patients discharged to a primary care practice

# ANNUAL CQUIPS SYMPOSIUM 2024

## Poster Presentations Schedule

### Screen 3 (2nd floor, reception area)

21. Exploring Emergency Department Culture Relating to Workplace Violence at UHN
22. Improving the Emergency Department Experience for Patients Presenting with a Bartholin Gland Abscess
23. Primary care improvement inspired by patient stories
24. Understanding barriers and facilitators to using an AI scribe to reduce clinical documentation burden in community family medicine clinics in Scarborough
25. A qualitative study: The mobilization of knowledge from patient safety incidents
26. The Road to Minimizing Waste in the Review of Potential Critical Patient Incidents by Patient Safety Specialists
27. Evaluating the effectiveness of patient safety incident recommendations at a multi-site community hospital
28. Addressing negative perceptions in the implementation of huddles and huddle boards
29. A qualitative analysis of current interventions: Improving name familiarity in OR teams
30. Incorporating Equity Considerations Into Serious Safety Event Review Processes

# ANNUAL CQUIPS SYMPOSIUM 2024

## Poster Presentations Schedule

### Screen 4 (2nd floor, gallery)

- 31. Turning Close Calls into Catalysts: Enhancing Safety through Improved Near Miss Reporting
- 32. Advancing Patient Care: Innovations and Enhancements in Massive Hemorrhage Response and Treatment at the Royal Victoria Regional Health Centre
- 33. Pre-Analytical Specimen Multi-Incident Analysis
- 34. A Quality Improvement Initiative to Reduce Inappropriate Urinary Catheterization on a Clinical Teaching Unit
- 35. Leveraging the electronic medical record to drive improvements in symptom screening
- 36. Hip Fracture Length of Stay at Humber River Health
- 37. A Team-Based Approach to Deprescribing Sedative-Hypnotics in Older Adults
- 38. Impacts of Acute Care Urology at MacKenzie Health
- 39. Optimization of Elective C/S Processes to Mitigate C/S Delays: Challenges and solutions of a multi-phasic quality improvement project
- 40. Understanding the barriers to and facilitators of home hemodialysis uptake at Trillium Health Partners
- 41. Improving the Treatment of Preoperative Anemia in Colorectal and Hepato-pancreato-biliary Patients: A Quality Improvement Initiative

### Screen 5 (2nd floor, gallery)

- 42. STOP the POP: Reducing postoperative pneumonia in general surgery, a quality improvement project
- 43. Equity-Driven Diagnostic Excellence Competencies
- 44. Assessing the impact of language concordance on adherence to infection prevention protocols for Cardiac Surgery and Malignant Hematology patients
- 45. Optimization of Access to Assistive Device Program for Compression Devices in the Lymphedema Program
- 46. REACH LTC - REAssessing CHolinesterase inhibitors and memantine in Long-Term Care
- 47. Surveillance of urinary catheterization and catheter-associated urinary tract infection in a long-term care home: a point prevalence study
- 48. Using Computer Simulation to Quantify PSW Workload in Complex Continuing Care: Implications for Patient Safety and Care Quality
- 49. Increasing Resuscitation Status Related Goals of Care Discussions for Older Adults at a Canadian Mental Health Hospital
- 50. Chemical Dependency Program (CDP) Re-design at Humber River Health—Optimizing to Meet the Evolving Needs of Our Patients
- 51. Tooling Up: Standardizing suicide risk assessment in consultation-liaison psychiatry services
- 52. 1.)Improving Access to Equitable Care for Patients Living with Sickle Cell Disease in the Emergency Department

# Who's here today

**Have a look at the organizations joining us at the Symposium today!**

Bancroft Community Family Health Team	Lakeview Family Health Team
Casey House	North York General Hospital
Central Hastings Family Health Team	OhioHealth
Centre for Addiction and Mental Health	Ornge
Centre for Quality, Innovation & Safety	Planetary Healthcare Lab
Choosing Wisely Canada	Princess Margaret Cancer Centre
Creative Futures Studio	Prince Edward Family Health Team
Grand River Hospital	Queensway Carleton Hospital
Hageman: Executive Coaching & Training	Royal Victoria Regional Health Centre
Hamilton Health Sciences	Scarborough Health Network
Healthcare Excellence Canada	SickKids
Healthcare Insurance Reciprocal of Canada	Sinai Health System
Holland Bloorview Kids Rehabilitation Hospital	St. Joseph's Healthcare Hamilton
Humber River Health	St. Joseph's Healthcare London
Institute of Health Policy, Management and Evaluation	Sunnybrook Health Sciences Centre
KITE Research Institute - University Health Network	Ted Rogers Centre for Heart Research
London Health Sciences Center	Teladoc Health
Mackenzie Health	The Institute for Safe Medication Practices Canada
McGill University, Montreal Children's	The Royal Victoria Regional Health Centre
McMaster University	Toronto East Health Network
MedStar Health	Toronto Metropolitan University
Michael Garron Hospital	Trillium Health Partners
Montreal Children's Hospital	Unity Health Toronto
Mount Sinai Hospital	University Health Network
	University of Toronto
	William Osler Health System
	Windsor Regional Cancer Center
	Women's College Hospital
